

Dear Sirs,

I received information that I may lose the signal for KLOVE due to a proposed broadcast service change! Please do not give LPFM priority over FM.

I listen to KLOVE 12 hours a day. KLOVE is the only christian station that does not have commercial breaks. I can leave it on all day without worrying about inappropriate content. With most other stations on the air that is not the case! It has been a real encouragement to myself and many of my friends and family. KLOVE connects so many christians all across the country with their music and uplifting message.

Please do not allow KLOVE to go off the air!

Sincerely, Vera Clark
